

IWSHM25 App

We are excited to announce that the **IWSHM2025 App** is already available—well ahead of the event next year! This early release gives you the opportunity to start engaging with the tools that will make your congress experience smoother, more connected, and tailored to your needs.

With the app, you'll have access to key features that will allow you to contribute and connect well before the congress begins:

- **Pre-Conference Survey:** This feature allows you to provide valuable feedback on organizational and logistical aspects of the event, helping us improve the overall management to better address your interests and needs. Your input will ensure that IWSHM2025 runs efficiently and meets the expectations of all attendees.
- **Conference Networking & Connections Form:** Start building connections and sharing research interests now! This form allows participants to share their professional information and areas of expertise, fostering collaboration and interaction even before the event kicks off.

The app is available today, giving you the chance to familiarize yourself with its features and get a head start on your IWSHM2025 experience. Here's how to access it:

1. **Download the "conf.app"** from the App Store or Play Store
2. **Use the link or scan the QR code** below to access the IWSHM2025 event in the app
3. **Explore the tools and start connecting** with other participants and contributing to the pre-conference engagement

Don't miss out—download the app now and join us on the journey to IWSHM2025! The QR code/link to access the app is below:
